**AN OPEN LETTER TO ALL THE RESIDENTS OF
SOUTHERN ILLINOIS**

This open letter to all the people of Southern Illinois is long and not in accordance with most political literature, but the information contained herein is vital to the continued growth and development of Southern Illinois. Please, for your own information, read and understand how you will be affected if this **POLITICAL RAPE** of Southern Illinois is allowed to be accomplished.

The compiling of this brochure was developed by a group of men and women vitally interested in the continued growth of our area. This is a bipartisan effort designed to promote a greater interest in the upcoming election in the 24th Congressional District of Illinois by providing these facts for you and your families. If you are not a voter, then we hope these facts will cause you to become a voter and participate in the building of a better Southern Illinois for us all. Election day is arriving fast, so set aside this important day and take the opportunity to cast a vote for yourself as well as all of the 24th Congressional District.

Citizens for Improved Public office holders within the 24th Congressional District of Illinois.

SIMON SAYS: Thumbs down on gun ownership for the citizens of this country. Do you want gun registration and control. Simon does. Check with the National Rifle Association. They will be happy to give you his record of support for every piece of gun legislation. He is trying to change that record for election benefits but cannot do it. Chapter 44: Firearms Section of the U.S. Code, Title 18, contains 11 pages of laws and penalties for misuse of firearms especially grenades, rockets, bombs and other dangerous weapons. What we need is greater enforcement of the existing laws, not laws to place greater restriction on the sportsmen and homeowners.

SIMON SAYS: Thumbs up for State Personal Taxes, and that beat him for the Governor's seat last election. He still believes in higher taxes. The people are overtaxed now. It isn't so bad when you can live off Chicago Campaign Funds like he is doing and has been doing for the last year.

SIMON SAYS: Thumbs up for more Welfare Programs to help the hungry and those who will not work if you drove them to work in a Cadillac. Read his book "Politics of World Hunger" and read his press statements during the Cairo riots. How long can we continue to support such give away programs at the expense of the working man?

SIMON SAYS: Thumbs up on legislation designed to distribute Chicago's sludge on the beautiful farmlands in Southern Illinois. Now that the heat is on in Franklin County, he is trying to take back water on the issue. We know where he stands. All of the information available on sludge is negative for all involved except it is an easy, low cost way of getting rid of the sewage from the big cities. Southern Illinois has received enough crap from Chicago already.

SIMON SAYS: Thumbs down on electing a native son of Southern Illinois because people from Chicago know what is best for us down in Southern Illinois. After all, they are willing to spend in excess of \$150,000.00 to elect our Congressman for us. If the political bosses in Chicago want to elect Paul Simon, since they think he is so good, then let them elect him in their own area—not in ours!

THE POLITICAL RAPE OF SOUTHERN ILLINOIS

Twenty years ago, the citizens of Southern Illinois answered the call of a then political unknown to follow him in his tough struggle to turn the distressed area of Little Egypt around—take its destiny out of the hands of the Chicago political leaders and corrupt political leaders of our area and put it on a course of a long-term program of prosperity and development. This political unknown, Ken

Gray was elected. The people had responded to his call. They were tired of Chicago rule!

It has been a long hard twenty years since our own Ken Gray held the "SINK OR SWIM" rally in the West Frankfort gymnasium. The people, both Democrat and Republican, supported this new leader; and the sleeping industrial giant he described and envisioned was awakened, and the prosperity he predicted is now a valued reality for us all. We are no longer guided and misused by the Chicago Political Bosses, but by a successful Ken Gray. Almost four billion dollars of Federal monies has been poured into the lower 22 counties of Southern Illinois in all forms of construction and development benefits. The economy and image of "LITTLE EGYPT" has flourished. More Public Works Construction money has been brought into the 24th Congressional District of Illinois than all the other Congressional Districts in the whole State.

The Chicago Political leaders have become furious! These Leaders have constantly fought to uproot Gray, and his successful program to build a brighter future for us all. However, we can boast—yes, Democrats and Republicans alike, that we have had a part in this great development program by supporting our new leader on a nonpartisan basis. We can still hear the echo of Ken Gray's plea to stick with him in his efforts and to turn a deaf ear to his opponents such as Sam Scott, Father Muldoon and others who came in from outside the area to seek his seat, since they did not understand the needs of those residing in Southern Illinois' depressed area. For this reason, the voters of this area truly "BEAT THE CARPETBAGGERS BAG" and rejected them in favor of our own NATIVE SON who had done such a terrific job.

Now, we have Paul Simon. He needs a job. A Political job. He wanted to become Governor. He wanted the seat in the United States Senate, but they are now filled. He still has no job. Now that Ken Gray must step down to satisfy his health problems, Simon feels that the people in Southern Illinois will be a soft touch for his political smoothness. He feels he can soft soap the people of "Little Egypt" into electing a man who is not from this District. A man who has voted with and supported the Chicago Machinery for over twenty years. Is this what we need or really want? He couldn't wait for Ken Gray to get off his hospital bed until he announced his candidacy for Gray's seat. Gray had not even announced his retirement when Simons announced his intention to take Gray's seat. Remember? Ken Gray labeled him an "AMBULANCE CHASER".

Simon says he wants to be our Congressman. He says he wants to be just like Ken Gray. But there is no way—he can't fill the job. He has proved this for the twenty years he has served the people of the State of Illinois. He served in the State Legislature, State Senate and as the Lieutenant Governor of this great State. The only time he came to Southern Illinois was to instigate the race riots in Cairo. Take a moment and read the past record of Paul Simon. Is this what we need? He has promised us new billboards to promote tourism. He has camped in our Shawnee National Forest with his family this past summer in an effort to show his love for our area. He didn't do this while he was in the State Legislature, State Senate or while he was our Lieutenant Governor. When he had all the facilities, the money and the power to help us develop our parks and forest lands, he would not respond. When he had the chance to help the Tornado victims of Thompsonville, he would not respond. Gray had to badger and threaten him to get him to cooperate. Is this the man you want? When the Floods came and the hail beat down the farm crops, he was not around to help.

Where was his love for Southern Illinois then? Where was he? He was in Cairo and East St. Louis demonstrating. That's where he was. He is now trying to take on the image of Ken Gray by becoming his shadow. Where you see Gray you see Simon—he is a wolf in sheep's clothing. Heed Gray's plea—"Don't elect a carpet-bagger". We don't need Chicago control again.

We, the people here in the 24th Congressional District, fought to gain our freedom from Chicago rule twenty years ago. WE WON! Now, we have Paul Simon with his campaign war chest filled with Chicago money. Chicago's Political and Industrial bosses, as well as Springfield lobbyists have funneled over \$150,000.00 into Simon's Campaign fund to buy back the voting power of the 24th Congressional District. Over 85 per cent of all the campaign money Simon has collected is from the North. This is the same type campaign that Nixon ran, and they forced him to resign. Is it any different to do it on a smaller basis in Southern Illinois? Don't be tricked into giving up our representation now! Gray would not allow his vote to be combined on a State Delegation vote, but kept it separate for us. Simon will vote with the Delegation which will dilute our strength and our development here in the 24th Congressional District. ARE WE REALLY WILLING TO SELL OUR CONGRESSIONAL SEAT FOR \$150,000.00?

Many people are stressing the fact that the Watergate issue will serve to elect a Democrat regardless of who he is or what he means to the residents of Southern Illinois. Most of us remember the analog of John L. Lewis during a meeting of the Coal Mine strikers here in our area—"You don't kill the dog just to get rid of the fleas." Watergate, my friends, is over. We can't kill our progressive programs in Southern Illinois just to rid ourselves of a few corrupt politicians. Nixon is through, his aides are out and many of them are in jail. Our SYSTEM Works! We now have a President who is admired by all in the Congressional and Senate ranks. We are going to survive Watergate and continue to grow as the largest and most resourceful Nation in the History of this world. If the 24th Congressional District is to keep pace with the rest of the Nation in this growth and development, we must all continue to band together even during such times of disillusion and turn a deaf ear to the Carpetbaggers of the North who think we are not self-sufficient and need their big brother guidance.

You ask: What can I do? GO VOTE! Go to the polls and vote for clean cut qualified Southern Illinois candidates. Vote for our continued prosperity and development. We did it for Gray and look what he did for us. Yes, Watergate was bad, we all agree, but Watergate is over. The future of Southern Illinois is now at stake. Are you going to respond to its call for support or are you going to be soft soaped and smooth talked into supporting the Chicago political machine in their efforts to pull off the greatest Political RAPE this area has ever witnessed? "THE POLITICAL RAPE OF SOUTHERN ILLINOIS".

GO VOTE — CAST YOUR VOTE FOR A SOUTHERN ILLINOIS CANDIDATE WHO WILL WORK FOR US ALL AND NOT TO REPAY HIS CAMPAIGN FUNDERS FROM THE NORTH!

FBI Probe Of Pamphlet Requested

Carbondale (AP)

The chairman of Paul Simon's congressional campaign has asked the FBI to investigate the distribution of a pamphlet vilifying the Carbondale Democrat.

Copies of the four-page pamphlet, titled "Open Letter to All the Residents of Southern Illinois," have been received by Republican officials, news papers and others. It identifies itself as a production of "Citizens of Improved Public Officeholders within the 24th Congressional District of Illinois."

Spokesmen for a group by that name could not be located.

The pamphlet accuses Simon of being a puppet of Chicago political interests, converting campaign funds for personal use and instigating race riots in Cairo.

It is, however, complimentary of Rep. Kenneth Gray, D-Ill., the retiring congressman whom Simon hopes to replace.

A spokesman for Simon's Republican opponent, Val Oshel of Harrisburg, disclaimed any connection with the document, said it was a bad reflection on the Oshel campaign and termed it "hitting below the belt."

Wayne DeLap, Simon's chairman, wrote letters last week to the FBI and the watchdog Fair Campaign Practices Committee requesting an immediate and thorough investigation.

According to DeLap, the pamphlet violates a federal law that requires campaign material carry the names of the individuals sponsoring it.

Paul Simon for Congress

October 25, 1974

Clarence M. Kelley, Director
Federal Bureau of Investigation
9th and Pennsylvania
Washington, D.C.

Dear Director Kelley:

Enclosed is a photocopy of a pamphlet attacking Paul Simon, Democratic candidate for the U.S. House of Representatives from the 24th District of Illinois. The pamphlet is being distributed in plain, unmarked envelopes via the United States mail to newspapers and to individuals in Southern Illinois.

It is our belief that this printed material violates Title 18, Section 612 of the United States Code, which requires that printed material relating to candidates for Congress and distributed through the mail must contain the "names of the persons, associations, committees or corporations responsible for the publication or distribution of the same, and the names of the officers of each such association, committee or corporation."

The only identification contained on the pamphlet is "Citizens for improved Public office holders within the 24th Congressional District of Illinois." There is no address or indication of officers of the alleged committee, and there is no evidence that any such organization exists.

We are asking that the F.B.I. make an immediate and complete investigation of the source of this printed material.

On December 4, 1974, a source advised that one Bill Nolen, formerly an Administrative Assistant to Congressman Kenneth J. Gray of the 24th Congressional District of Illinois, during the November, 1974, elections, worked "behind the scenes" and supported the candidacy of Val Oshel, Harrisburg, Illinois, who was opposing Paul Simon for the 24th Congressional District seat in Illinois. Nolen was familiar with the "An Open Letter to All Residents of Southern Illinois" and may have been instrumental in its preparation. Bill Nolen currently is working on the staff of the House Committee on Oversight, which is a subcommittee that reports to the House Public Works Commission, according to the source.

In addition, the same source indicated that information in his possession would indicate that [REDACTED]

both Administrative Assistants to Representative SIMON,
were interviewed in the Congressman's office without his

[redacted] Staff Assistant to Congressman PAUL SIMON of the 24th District of Illinois, was interviewed on April 17, 1975, regarding a pamphlet entitled, "An Open Letter To All Residents of Southern Illinois".

b6
b7C

[redacted] began that the first time she heard of the pamphlet's existence was in late summer or early fall of 1974. She, [redacted] and WILLIAM NOLEN were in former Congressman GRAY's office, when NOLEN closed the doors to the office, turned to those present while exhibiting the pamphlet and announced his intention to read it. After reading it, [redacted] told him he was crazy. Brushing that aside, NOLEN queried them as to how effective they felt it would be with the voters. They conceded that in all probability it would have some adverse effect against Mr. SIMON. It was not particularly venomous, but it definitely was in extremely poor taste. Wanting to be rid of him, she reopened the doors. [redacted] had to take a call in the other room and left. [redacted] left to go to work. Before departing, NOLEN came over to her desk and stated, while holding the pamphlet in his hand, that this would be published and circulated. With that he left. [redacted] concluded by advising that that was her only contact with the pamphlet.

[redacted] Administrative Assistant to PAUL SIMON, Representative of the 24th District of Illinois, was interviewed on April 17, 1975, regarding a pamphlet entitled, "An Open Letter To All Residents of Southern Illinois".

b6
b7C

[redacted] stated she first became aware of the pamphlet on the day former President RICHARD MILKOUS NIXON departed the White House. It was during the morning hours of that day that she, [redacted]

b6
b7C

[redacted] were watching the former President's last speech on the television in former Congressman GRAY's office, Room 2372, the Rayburn Building. During the speech, Mr. WILLIAM NOLEN came in and joined the others before the portable television. [redacted] left the room after the speech and was followed into the corridor by WILLIAM NOLEN. He showed her a pamphlet while standing in the corridor and asked, "Do you know who this is?"

[redacted] replied, "No".

b6
b7C

Shaking the pamphlet in front of her, NOLEN asked her to look it over. Upon studying it, she recognized PAUL SIMON suspended as a puppet by a derbyed man with a cigar in his mouth. At this point, NOLEN asked her if she recognized the man on top. [redacted] said no she did not.

b6
b7C

NOLEN then told her, "That's Mayor DALEY and Mayor DALEY will be pulling the strings".

[redacted] added that the whole idea of it, especially on the day President NIXON was stepping down, was too much. She turned and left him standing there.

Later in the day, [redacted] another of the office workers, approached [redacted] and asked if she had seen the material that NOLEN had regarding SIMON. She replied that all she had seen was the caricature of SIMON as a puppet. [redacted] then told [redacted] that NOLEN had eight or ten pages on SIMON.

b6
b7C

In October of 1974, while in GRAY's office with NOLEN, [redacted] and [redacted], WILLIAM NOLEN read the pamphlet in its entirety. Upon NOLEN's finishing it, [redacted] asked if Mr. GRAY knew that he had it and who had written it.

b6
b7C

NOLEN replied only, "A bunch of us".

Much of the conversation she does not remember, but during its course, the name of a [redacted] [redacted] arose. She could not remember the context in which [redacted] name appeared.

b6
b7C

In late October of 1974, NOLEN confided in her that they would hit SIMON with this just before the election. In addition, NOLEN said that he hoped [redacted] would serve only one term and then step down so NOLEN could run. NOLEN then related to her that [redacted] had stated in conversation with NOLEN that he, [redacted] told the Federal Bureau of Investigation (FBI), that he had not seen the pamphlet until he was campaigning in White County, Illinois. NOLEN then added, "that S.O.B. saw that pamphlet all summer long".

b6
b7C

[redacted] further stated that she asked Congressman GRAY if he had seen the pamphlet. His reply was, Yes, but that it was pages long and that he did not have the time to read it in its entirety.

Attached to this letter is a report of Special Agent [redacted] dated April 30, 1975, reflecting results of interview with two administrative assistants to Representative Paul Simon wherein they indicate that William Nolen, former administrative assistant to Congressman Kenneth Gray, acknowledged complicity in its composition and distribution of the distribution of anonymous campaign literature against Paul Simon during the period of time he was running for the U. S. Congress seat for the 24th Congressional District in Illinois.

As your records will show, other investigation conducted by the Springfield Division has failed to locate the place where pamphlet may have been printed and further, for your information, when contacted by the Federal Bureau of Investigation William Nolen refused to be interviewed.

Re WFO report of SA [REDACTED] dated 4/30/75.

For the information of the Bureau, prior to closing instant matter, the above referenced report along with other information developed during investigation has been furnished to the USA's Office, Eastern District of Illinois, at East St. Louis, Illinois, for a prosecutive opinion.

As the Bureau is aware, WILLIAM NOLEN, who has acknowledged in the past complicity in the composition and distribution of the questioned literature to current employees of Congressman PAUL SIMON, refused to be interviewed by the FBI and no other evidence has been developed indicating the source of the pamphlet or other conspirators if there were any in the preparation of the pamphlet. In order that this matter may be brought to a logical conclusion, it is felt that a ruling by the USA's Office in the Eastern District of Illinois, should be made prior to the Bureau closing its investigation.

The opinion of the USA in the Eastern District of Illinois will be secured and the Bureau will be kept advised of all developments.
